Rendel, Palmer & Tritton, of a new motor launch for the use of the public together with certain spare parts at a total approximate cost of Rs. 31,000 be approved and that the expenditure be debited to the Marine Pilgrage Fund—the balance of the funds required for the purchase by means of the sum of Rs. 25,000 already provided for in the Budget estimates of the Fund for the year 1921-22 to be met by appropriations.

Resolved also that the Trust's Chief Engineer be requested to make a thorough examination of the existing launch as soon as the new launch is to be purchased in order to ascertain and to submit his recommendations.

14. Read again Resolution No. 614 dated the 26th February 1921, directing to inform Government that a new motor launch be purchased for the use of the Harbour Police in replacement of the existing one which was purchased in the year 1914 and that the Trust is prepared to bear two-thirds of the cost of the new launch subject to its being offered credit for two-thirds of the proceeds that may be obtained from the disposal of the existing launch.

Read a note by the Acting Chairman suggesting that a new motor launch bearing a speed of not less than 8 knots per hour be provided at an approximate cost of Rs. 14,000 for the use of the Harbour Police Force.

"Java Arrow" which was aground off the North Quay of the Harbour during the cyclone of the 25-26th November 1920 and with the refloating of the vessel. The Acting Chairman explained in his note the circumstances under which the original bill against the firm amounting to Rs. 50,126-12-3 had since been revised to Rs. 44,213-1-10—this revision being solely attributable to the Company's disagreement with the original basis of charges for the loss of the Trust's drifter "Madras"—and recommended that the offer of the Company to pay the revised bill be accepted.

"Java Arrow" with the jetty during the cyclone of the 25th-26th November 1920, to make the expenditure to be incurred by the Trust on the construction of a mooring platform at the site of the jetty for carrying oil, grease and other heavy business cargo and also for which this jetty was previously used, and (2) the Company's reply

The Acting Chairman requests the Board, as desired by Government, to consider the desirability of allowing, in the manner indicated by Government, the practice now followed for obtaining the cement required by the Trust.
